All Classes will be inspected upon first race of the year for safety and visual legality check. After this time Tech inspections will be at random.

All Classes are subject to tech inspection of equipment at the discretion of the officials. Failure to comply will result in a DQ for that event.

By signing the entry forms every competitor agrees to be subjected to the rules outlined. Due to any unforeseen circumstance that may arise, the official is responsible for the operation of the event. This means the official shall rule on any discrepancies with common sense and fair play. The decision of Race Director shall be final.
